

Protect Yourself & Those Around You

COVID-19

Avoid close contact with people - keep at least 6 ft/2m away

Stay home when sick and as much as possible when well

Wash your hands often and thoroughly with soap and warm water

Wear a face covering/mask in enclosed public spaces

Clean and disinfect frequently touched objects and surfaces

Cover your cough or sneeze

Avoid touching your eyes, nose & mouth

Use alcohol based hand sanitizer with at least 60% alcohol

Work from home, conduct meetings virtually

If concerned, get tested at a local Assessment Centre
