New Business

- (1) Committee to review Executive Summary for Reverse Angle Parking, Fire Lane, Drop Off Zone and Wellington Street Public Lot improvements.
- (2) Councillor MacInnes to detail results of discussions with CAO on public parking lot owner agreements discussions in preparation for submission to Council with immediate item action recommendations for Public Lot creation on Wellington Street East (behind Foodliner) proposal.
- (3) Public Safety discussion item arising from the minutes of the Police Services Board. The Board received an item of correspondence from Mario Dion regarding traffic congestion at the community yard sale. His memo generated a discussion about vehicles parking in no parking areas and pedestrians crossing roads and streets ignoring traffic. The Board will be considering asking council to set up a Special Events Committee focused on Public Safety. I think the matter crosses into our venue as well since we have been discussing parking problems at special events.
- (4) Discussions on revamping Parking Bylaw. Councillor MacInnis spoke with the Acting CAO, Arie Hoogenboom and he said the committee should look at the bylaw in total and make recommendations for change to council.
- (5) Review Councillor MacInnis draft bulletin asking for public parking input.
- (6) Review of Beverley Bryant and Carlos Card Parking Committee membership.
- (7) Continued detailed discussion of parking suggestions from Ad Hoc Parking Committee Action Items (Revised) Listing (see below) to review actions and timetable.
