

THE CORPORATION OF THE VILLAGE OF MERRICKVILLE-WOLFORD

BY-LAW 66-2019

BEING A BY-LAW TO ADOPT EMERGENCY RESPONSE PLAN

WHEREAS section 5 (1) of the Municipal Act, 2001, provides that the powers of a municipal corporation are to be exercised by its council;

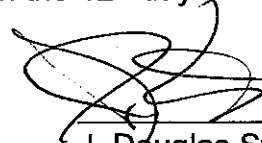

AND WHEREAS section 5 (3) of the Municipal Act, 2001, states that municipal power, including a municipality's capacity, rights, powers and privileges, shall be exercised by by-law, unless the municipality is specifically authorized to do otherwise;

AND WHEREAS section 3 (1) of the Emergency Management and Civil Protection Act states that every municipality shall formulate an emergency plan governing the provision of necessary services during an emergency and the procedures under and manner in which employees of the municipality and other persons will respond to the emergency and the council of the municipality shall by by-law adopt the emergency plan;

NOW THEREFORE the Council of the Corporation of the Village of Merrickville-Wolford hereby enacts as follows:

1. That the Council of the Corporation of the Village of Merrickville-Wolford adopt the Emergency Response Plan attached hereto as "Schedule A" to this by-law;
2. That all by-laws or parts thereof and all or any resolutions of Council contrary to or inconsistent with this by-law are hereby repealed.
3. That this by-law shall come into force and take effect immediately upon the passing thereof.

Read a first, second and third time and passed on the 12th day of December, 2019.

J. Douglas Struthers, Mayor

Doug Robertson, CAO/Clerk

Emergency Response Plan

1. INTRODUCTION AND ADMINISTRATION

1.1 The Emergency Response Plan (ERP)

In order to protect residents, businesses, visitors and property, the Village of Merrickville-Wolford requires a coordinated emergency response by a number of agencies under the direction of a Municipal Emergency Control Group (MECG). These are distinct arrangements and procedures from the normal, day-to-day operations carried out by emergency services.

This Emergency Response Plan (ERP) has been prepared to provide key officials, agencies, and departments of the Village of Merrickville-Wolford with important emergency response information related to arrangements, services and equipment, and roles and responsibilities during an emergency and is required under legislation as outlined in Section 2.

In addition, it is important that residents, businesses, visitors and other stakeholders be aware of its provisions. Copies of the Village of the Merrickville-Wolford Emergency Response Plan may be viewed at the Municipal Office (317 Brock Street West, Merrickville), the Merrickville Public Library (446 Main Street West, Merrickville) and on the municipal website at www.merrickville-wolford.ca. Should a hard copy be requested, a member of the public may attend at the Municipal Office during regular business hours (Monday to Friday, 8:30 a.m. to 4:30 p.m.) and a copy shall be made for them, excluding the Schedules which have been deemed to be confidential.

1.2 Purpose

This Emergency Response Plan has been developed to make provisions for extraordinary arrangements and measures that may have to be taken to safeguard the health, safety, welfare and property of the inhabitants of the Village of Merrickville-Wolford through the efficient deployment of the Village's services, agencies and personnel when faced with an emergency. It enables a centralized, controlled and coordinated response to emergencies in the Village of Merrickville-Wolford and meets the legislated requirements of the *Emergency Management and Civil Protection Act* (EMCPA).

1.3 Definition of an Emergency

"Emergency" is defined in the EMCPA as "a situation or impending situation that constitutes a danger of major proportions that could result in serious harm to persons or substantial damage to property that is caused by the forces of nature, a disease or other health risk, an accident or an act whether intentional or otherwise".

1.4 Executive Summary

This ERP has been prepared in order to provide key officials, departments, and department personnel within the Village of Merrickville-Wolford with a general guideline to the expected initial response to an emergency and an overview of their responsibilities during an emergency.

For this plan to be effective, it is important that all concerned be made aware of its provisions and that every official and department be prepared to carry out their assigned functions and responsibilities in an emergency.

Each department within the Village of Merrickville-Wolford has the responsibility of supplying an initial response in any emergency to the best of their ability. The head of the affected department may request assistance from other departments within the Village.

However, when the resources of the affected department are deemed insufficient to control the emergency, the responding department is authorized to activate the Village's Emergency Notification System. This will be carried out by the Community Emergency Management Coordinator (CEMC) or Alternate CEMC.

The Emergency Notification System will also be activated and a Village Emergency may be declared by the Mayor when:

- The emergency affects a large portion of the inhabitants of the Village of Merrickville-Wolford; and/or
- The emergency requires extraordinary action or expenditures of monies by one or more departments for the protection of life and property.

Once the Village of Merrickville-Wolford's Emergency Response Plan is implemented, overall co-ordination and deployment of resources required to mitigate the impact of the emergency will be the responsibility of the Municipal Emergency Control Group in accordance with the *Emergency Management and Civil Protection Act, RSO 1990*, as amended.

However, it should be stressed that in any emergency or threat of emergency, members of the MECG or their designates may be called together to make decisions or to be on standby without having to declare that an emergency exists.

Should the resources of the Village of Merrickville-Wolford be deemed insufficient to deal with the emergency, the Mayor may request of the Warden of the United Counties of Leeds and Grenville that the Counties' Emergency Response Plan be activated.

1.5 Emergency Response Plan Distribution

It is understood that MEEG members are not expected to carry a copy of the Merrickville-Wolford Emergency Response Plan with them at all times. Complete copies of the Village's Emergency Response Plan, including appendices, will be used primarily for training or emergency response. Since the nature of an emergency notification normally requires an immediate response to the Village EOC, complete copies, including all appendices, will be kept at the Emergency Operations Centre for issue during training or an actual municipal emergency. Every member of the primary MEEG, along with Council, will be issued a copy of the main body of the Emergency Plan.

1.6 Plan Maintenance

It is essential that this plan be kept current and viable by adherence to a maintenance schedule. It is the responsibility of the Community Emergency Management Coordinator (CEMC) or alternate to keep the plan up to date. The emergency telephone numbers will be reviewed on an annual basis. The notification system will be tested annually. The plan will be exercised once every year as a minimum requirement. The Municipal Emergency Control Group and Support Staff shall receive training and participate in an exercise once every year as a minimum requirement. The Vital Services and/or Local Services Directory should be updated annually. The Community Emergency Management Coordinator will determine the schedule under which the maintenance activities will be performed. The Community Emergency Management Coordinator may update, correct or amend any information contained within the appendices with the approval of the Emergency Management Program Committee.

2. Authority

2.1 Legislation/By-law

Authority for the development, content, and implementation of the Municipal Emergency Plan is provided or referenced in the following:

1. Emergency Management and Civil Protection Act

Section 3 (1) states: "Every municipality shall formulate an emergency plan governing the provision of necessary services during an emergency and the procedures under and the manner in which employees of the municipality and other persons will respond to the emergency and the council of the

municipality shall by by-law adopt the emergency plan”.

Declaration of emergency:

Section 4 (1) states: “The head of council of a municipality may declare that an emergency exists in the municipality or in any part thereof and may take such action and make such orders as he or she considers necessary and are not contrary to law to implement the emergency plan of the municipality and to protect property and the health, safety and welfare of the inhabitants of the emergency area.”

Declaration as to termination of emergency:

Section 4 (2) states: “The head of council or the council of a municipality may at any time declare that an emergency has terminated.”

2. Ontario Regulation 380/04

Regulation 380/04 Part II: Municipal Standards: Sections 10 through 15 provides direction on:

Section 10: Emergency Management Program

Coordinator (CEMC) Section 11: Emergency

Management Program Committee (EMPC) Section 12:

Municipal Emergency Control Group (MECG)

Section 13: Emergency Operations

Centre (EOC) Section 14: Emergency

Information Officer (EIO)

Section 15: Emergency Response Plan (details provided below)

Section 15 (1): The emergency plan that a municipality is required to formulate under subsection 3 (1) of the Act shall consist of an emergency response plan.

Section 15 (2): An emergency response plan shall, (a) assign responsibilities to municipal employees, by position, respecting implementation of the emergency response plan; and (b) set out the procedures for notifying the members of the municipal emergency control group of the emergency.

3. Accessibility for Ontarians with Disabilities Act/Ontario Regulation 429/11 and 191/11

The Act specifically identifies Standards to be set by Regulation.

Ontario Regulation 429/07 sets out requirements for Accessible

Standards for Customer Service and Providing Documents in an Accessible Format

The Village of Merrickville-Wolford shall provide Emergency Plan information in an accessible format, upon request, in accordance with the Integrated Accessibility Standards Regulation (IASR).

Ontario Regulation 191/11 clarifies information requirements related to emergencies and to emergency plans.

Key references are provided as follows:

Emergency procedure, plans or public safety information

13. (1) In addition to its obligations under section 12, if an obligated organization prepares emergency procedures, plans or public safety information and makes the information available to the public, the obligated organization shall provide the information in an accessible format or with appropriate communication supports, as soon as practicable, upon request.

13. (2) Obligated organizations that prepare emergency procedures, plans or public safety information and make the information available to the public shall meet the requirements of this section by January 1, 2012.

4. Municipal Freedom of Information and Protection of Privacy Act, R.S.O. 1990, Chapter M. 56

The Municipal Emergency Plan is a public document, **excluding the appendices, which are deemed confidential.**

As stated in the *Municipal Freedom of Information and Protection of Privacy Act*,

R.S.O. 1990:

Section 8. (1) A Head of an institution may refuse to disclose a record if the disclosure could reasonably be expected to endanger the security of a building or the security of a vehicle carrying items, or of a system or procedure established for the protection of items, for which protection is reasonably required.

Section 10 (1) (a); A head shall refuse to disclose a record that reveals a trade secret or scientific, technical, commercial, financial or labour relations information, supplied in confidence implicitly or explicitly, if the disclosure could reasonably be expected to, (b) Result in similar information no longer being supplied to the institution where it is in the public interest that similar information continues to be so supplied.

5. Municipal By-law

This Emergency Plan and its elements have been adopted under the authority of the Village of Merrickville-Wolford By-law No. 66-2019. A copy of the By-law is available for inspection at the Municipal Office and on the Village website at www.merrickville-wolford.ca.

3. DECLARATION/TERMINATION OF EMERGENCY**3.1 Actions Prior to Declaration****1. Initial Response**

When an emergency exists but has not yet been declared to exist, community employees may, during an initial response, take such action(s) as may be required to protect the property, the health, the safety and welfare of the citizens and property of the Village of Merrickville-Wolford.

Nothing in the Municipal Emergency Plan of the Village is intended to hinder the initiatives of First Responders acting in accordance with the laws, policies, procedures or mandates that govern their work unit.

Requests for Outside Assistance can be made with or without declaration of an emergency.

3.2 Requests for Outside Assistance

Requests for assistance can be made with or without declaration of emergency.

Assistance may be requested from an adjacent municipality and/or the United Counties of Leeds and Grenville by contacting either the Head of Council or the CAO. The request shall NOT be deemed a request for the assisting party to assume authority over and/or control of the emergency.

Technical or material assistance may be requested from the Province of Ontario at any time. Any request for assistance from the Province should be made with the help of the OFMEM Field Officer assigned to the emergency through the OFMEM Provincial Operations Center. The request shall NOT be deemed a request for the assisting party to assume authority over and/or control of the emergency. Similarly, Federal Government assistance must be requested with the help of the OFMEM Field Officer assigned to the emergency through the OFMEM Provincial Operations Center.

The Municipality may request assistance from Private Enterprise with due regard for the cost of such a request and the availability of funding to pay for the assistance.

Compensation from upper-tier governments may not be automatically available. The OFMEM Field Officer assigned to the emergency should be consulted regarding provincial funding availability. Contact names/numbers of relevant contractors can be found in Appendix "A" of this plan.

3.3 Declaration of an Emergency

The Mayor (HOC), is responsible for declaring a state of local emergency. This decision should be made in consultation with the other members of the MCEG and is based on the following general criteria:

- The situation or event poses danger of major proportions to the health and/or property of the residents of the municipality or the environment;
- The use of emergency resources creates an unacceptable risk to the balance of the municipality;
- The response exceeds the available resources and expertise and necessitates a multi-organizational and multi-jurisdictional response; and/or
- Additional legal powers are required.

Appendix "B" of this plan contains a checklist to assist in the decision-making process. It also contains the prescribed form for the Declaration of an Emergency.

3.4 Termination of an Emergency

The MCEG will make a recommendation to the Mayor or his/her designate, to officially declare the termination of an emergency. A municipal emergency may be terminated at any time by the Mayor, his/her designate, Council or the Premier of Ontario.

When terminating a municipal emergency, the Mayor or designate will ensure that the OFMEM, Council, the County Warden, the general public, the local MP and MPP and all involved agencies, personnel and neighbouring communities are notified, as required.

4. EMERGENCY OPERATIONS AND PROCEDURES

4.1 Municipal Emergency Control Group (MCEG)

The Municipal Emergency Control Group (MCEG) is the group responsible for the direction and control of the overall emergency response within the community. The MCEG ensures the provision of the essential services necessary to minimize the effects of an emergency on the community.

The Municipal Emergency Control Group is made up of the following members:

- Mayor;
- CAO;
- Fire Chief;
- Manager, Operations;
- CEMC;
- Manager of Finance/Treasurer;
- Chief Building Official; and
- Emergency Information Officer.

4.2 Activation of Plan by MCEG

Any member of the Municipal Emergency Control Group may request, through the CAO (and in his or her absence, the Fire Chief), that the MCEG be activated. It is the responsibility of the MCEG to decide whether the emergency plan should be activated. If the size or seriousness of the emergency is beyond the capability or responsibility of the municipality and/or if enhanced interagency communication would assist with the management of the incident, then the Emergency Plan will be activated. The Emergency Plan may be implemented in whole, or in part, based on conditions at the site or severity of the situation. Notification lists and procedures are located in Appendix "C" of this plan.

4.3 Emergency Operations Centre (EOC)

The Emergency Operations Centre (EOC) has both a primary and a secondary or alternate location. During the notification process, direction as to which location members of the MCEG will report to will be given. The primary and secondary EOC locations are geographically separated so that if one or the other is endangered or rendered non-functional as a result of the emergency situation, the other should be safe and operational. The EOC locations for the Village are as follows:

Primary EOC Location: Merrickville Fire Hall
317 Brock Street West, Merrickville

Secondary EOC Location: Eastons Corners Centennial Hall
43 Park Street, Eastons Corners

The EOC will be set up and operational within one hour of activation of the MCEG. The CEMC or alternate will supervise the set up and ensure operational viability. Upon arrival at the EOC, each Municipal Emergency Control Group member/designate will:

- a. Sign in using the sign-in sheet;
- b. Check telephone/communications devices;
- c. Open personal log;

- d. Contact their own agency/department and obtain a status report;
- e. Participate in the initial briefing;
- f. Participate in planning initial response/decision making process;
- g. Pass MCECG decisions on to member's agencies/areas of responsibility;
- h. Continue participation in the EOC Operations Cycle.

Upon leaving the EOC, each Municipal Emergency Control Group member will:

- a. Conduct a hand over and briefing with the person relieving them; and
- b. Sign out and indicate where they can be reached on the sign-in sheet.

It is essential that the Emergency Operations Centre is comfortable, has good communications and is secure from unnecessary distractions. Only MCECG members and support staff should have access to the Emergency Operations Centre. No media are allowed into the Emergency Operations Centre, nor is anyone who has not been authorized by the CAO, CEMC or Alternate CEMC.

Once the initial response is established, routines are put into place by the CAO. The Municipal Emergency Control Group functions most efficiently on a system known as an Operations Cycle.

4.4 Operations Cycle

An operations cycle is how the MCECG manages overall emergency operations. MCECG members will come together usually around a planning board or map at which time they will report their respective department or agency's status to the MCECG. It is essential that every member, covering each area of responsibility, be heard from during this process. The MCECG is a team and the actions taken by one, or the lack of action by one, may have a significant impact upon operations.

The round table discussion should include problems, questions, resource requests and any other relevant information so that timely, informed decisions can be made as a group. Once the meeting is completed, the members should contact their respective subgroups and pass on any relevant information or directives that come out of the MCECG meeting. The frequency of the meetings will be determined by the CAO, but should reflect the pace of the emergency and occur on a scheduled basis which may be adjusted accordingly.

During the period after the meeting and dissemination of information, members will be in the process of gathering information and preparing for the next scheduled meeting. MCECG members use this time to follow up and ensure MCECG decisions are being implemented. Each member is responsible for informing their respective agency or departments of the schedule for MCECG meetings. No calls are to interrupt the proceedings. All calls must occur prior to or after the formal meetings of the MCECG, unless a member of the MCECG must attend the meeting by phone.

4.5 Evacuation of Persons in an Emergency Area

The Fire Chief will be responsible for the co-ordination of the evacuation of persons in an emergency area. The Village has identified the Merrickville Community Centre at 106 Read Street in Merrickville as the primary evacuation site.

5 ROLES AND RESPONSIBILITIES**5.1 Municipal Emergency Control Group (MECG)**

The MECG is responsible for the following:

1. Implementing the Emergency Plan in whole or in part to respond to an impending, potential, or existing emergency.
2. Coordinating and directing of resources used to mitigate the effects of an emergency.
3. Ensuring that the composition of the MECG is appropriate to mitigate the effects of a given emergency situation, by determining which, if any, ad-hoc members are required.
