Subject: Non-renewal of my appointment on the M-W PSB

Dear Dell and Doug.

As previously mentioned I do not wish to have my appointment renewed as the Provincial Appointee on the PSB. Please consider this as my formal resignation. It was an honour to be a member of the PSB and a pleasure to serve with both of you.

I contacted The Provincial Appointments Secretariat and was informed, as I had presumed, I only need to advise the PSB of my decision. It is up to the PSB and Council to recruit a new member and propose this candidate to the Secretariat.

I will serve to the end of my tenure in March 2020.

Best regards,

Jacques Pelletier

LETTER TO POLICE SERVICES BOARD MERRICKVILLE.

Atten: Jacques Pelletier

Contact for Police services board:

DEAR JACQUES PELLETIER,;

I am writing you to make you aware of issues in the Village of Merrickville, regarding the speed limit and speeding in the village.

- Speed limit is 50 km per hour.
- Most cars entering and leaving the village from County Rd 15 travel in excess of this limit. Sometimes at a dangerous level.
- Also entering from east County Rd 43, and from West County Rd 43.
- The public has now put their own signs up on their lawns to try and help reducing the speeding.
- Personally, I have lost three pets, and three visitors cars sideswiped.
- The reason I am sending this letter in print, as sooner or later there will be a bad accident to people, pets or property.
- I am also aware that the Village of Merrickville has a budget that is an amount that is paid to the Province for O.P.P. service. I will ask or enquire about the amount that is given out every year.
- Being a resident in the Village for close to 40 years, it does not take much to notice that there is very little traffic control by officers in this village at any time.
- Please forward me any activity reports from the O.P.P. that are available to the public that shows the man power used over the past year on Ride programs and Speed control.

I reside at 818 St Lawrence St. and view the speeding on a daily basis, in and out. There needs to be more done to resolve this issue, as neighbours have also complained to each other about the same.

- I have called the detachment in Kemptville, and spoken to an officer, she mentioned that yes, sometimes they come in from Cty Rd 15 travelling at 115 km an hour. But after that conversation I did not notice any campaigning from the O.P.P.
- I've lived at my address for over 12 years, and in the last 3 to 4 years I have only seen them once at this location.
- I know they are limited in man power, as I have a relative that is on the force, but why then is the Village paying for the services when we don't receive a fair coverage.
- It might be a point to review by council where it is more productive to go back and hire our own private policing officer if legal to do so.
- Kemptville, is also entered by a county road. Starting at 80 km that then drops to 60 km before entering the town then to 40 km in the town. Why can this not be instituted in Merrickville.
- The villages of North Gower and Enniskerry that I drive through have their own solar powered speed signs installed on their posts that are there 24 hours a day. Why not Merrickville.
- There are an additional 100 to 150 new homes being built within the next couple of years at the County Rd 15 entrance alone, which will have an increase of speeding trucks heading through the Village.
- There was talk a few years ago by council about rerouting truck traffic down Read St. to save the wear and tear on the Historical buildings, and that a round about or four way stop on the corner of 16 and 15. But as usually it disappears after elected.

I will close at this point of my campaign, as the provincial O.P.P. head office and the mayor told us to put it in writing. I will continue to contact my MPP and Local politicians, along with the County in writing, until we can move forward with results.

Thank You for your time: (Please acknowledge receipt of this letter.)

Subject: Next Generation 911 - Joint Committee Statement

Dear Colleagues,

(As the main board contact this email is only shared with you in hopes that you will please share with your boards)

Given rapid technological advances, the ways and means in which people communicate continues to evolve. It is therefore imperative – and legally required – that first responders keep up to date with new technologies that meet the public's expectations on accessible, barrier-free ways to engage our 9-1-1 system that move beyond voice services and will include Voice over Internet Protocol (VoIP) and text messaging.

Transitioning from the traditional 9-1-1 voice services to Next Generation-911 (NG-911) is complex and will impact every emergency service in the Province of Ontario. To help address this transition, a joint committee has been formed. Please refer to the attached Committee message and terms of reference.

Thanks,

Internal Messaging – Next Generation-911 (NG-911)

Much like technology, the ways and means in which people communicate continues to evolve. It is therefore imperative – and legally required – that first responders keep up to date with new technologies that meet the public's expectations on accessible, barrier-free ways to engage our 9-1-1 system that move beyond voice services and will include Voice over Internet Protocol (VoIP) and text messaging.

Transitioning from the traditional 9-1-1 voice services to Next Generation-911 (NG-911) is complex and will impact every emergency service in the Province of Ontario. It is in this vein that on June 18, 2019, representatives from the following organizations met to form the Next Generation-911 Interagency Advisory Panel (NG-911 IAP):

- Association of Municipalities of Ontario (AMO)
- Ontario Association of Chiefs of Police (OACP)
- Ontario Association of Fire Chiefs (OAF)
- Ontario Association of Paramedic Chiefs (OAPC)
- Ontario Association of Police Services Board (OAPSB), including the Toronto Police Services Board

The purpose of the NG-911 IAP is to provide expert analysis, advice and recommendations to the Government of Ontario, which has formed the "Inter-Ministerial Task Force on 9-1-1 Emergency Response". The IAP will give advice concerning the Canadian Radio-Television and Telecommunications Commission's mandated NG-911 services. NG-911 IAP will focus its work on issues concerning the structure, delivery and funding of NG-911 to ensure that the Ontario Government is fully informed about the needs of all emergency service providers as the Government makes policy decisions with respect to NG-911 and its implementation. NG-911 IAP has met and drafted the attached Terms of Reference, which were provided to the Ministry of the Solicitor General. Already, the Ministry has advised that it looks forward to the NG-911 IAP's involvement and will be involving the NG-911 IAP in government discussions on the subject.

NG-911 IAP will confine its work to the areas directly related to NG-911 and its implementation, fully cognizant of the upcoming key implementation dates. The NG-911 IAP is consulting with our respective organizations, and will be starting the process of drafting recommendations to the "Inter-Ministerial Task Force on 9-1-1 Emergency Response" for consideration.

Next Generation 911 Interagency Advisory Panel (NG-911 IAP)

Terms of Reference

1. Purpose/Mandate

The purpose of the Next Generation 911 Interagency Advisory Panel (NG-911 IAP) is to provide expert analysis, advice and recommendations to the Government of Ontario on issues concerning the implementation and funding for the Canadian Radio-Television and Telecommunications Commission (CRTC) mandated Next Generation 911 (NG-911) services, and to ensure that the needs of all emergency service providers in Ontario are met with respect to NG-911.

The NG-911 IAP has been formed on the basis that its members agree with the following key principles: (1) Ontario has certain financial and legal obligations with respect to NG-911; (2) networks will be required to provide NG-911 voice services by June 30, 2020; and, (3) networks will be required to provide NG-911 text messaging services by December 31, 2020. Public Safety Answering Points (PSAPS) will no longer be able to receive and manage 911 calls after June 30, 2023 without the required NG-911 technological and updated call processes.

2. Composition

Membership in NG-911 IAP is restricted to representation from the following organizations:

- Association of Municipalities of Ontario (AMO)
- Ontario Association of Chiefs of Police (OACP)
- Ontario Association of Fire Chiefs (O AFC)
- Ontario Association of Paramedic Chiefs (OAPC)
- Ontario Association of Police Services Board (OAPSB), including the Toronto Police Services Board.

Individuals who attend NG-911 IAP meetings must be in good standing with their provincial organization, are required to have knowledge on the subject matter, and the ability to speak or take positions on behalf of their organization. Additional organizations, or individuals, may become members of the NG-911 IAP at the discretion of a majority of the original NG-911 IAP membership. Provincial Government officials may attend meetings, by invitation of the NG-911 IAP to observe and provide information that will assist in furthering the work of the NG-911 IAP. However, no Provincial Government officials will be members of the NG-911 IAP.

NG-911 IAP will not provide any compensation for meeting costs, travel, or any other expenses incurred by its members to participate in the NG-911 IAP's processes.

3. Scope of the NG-911 IAP

NG-911 IAP will confine its work to the areas directly related to NG-911 and its implementation. NG-911 IAP will provide analysis, *advice and recommendations* to the Government of Ontario that focuses on the structure, delivery, and funding of NG-911 prior to key NG-911 implementation dates.

The organizations that take part in NG-911 IAP agree to speak with a unified voice when communicating with their individual organizations, the Government of Ontario, and members of the public. The communications protocol is outlined in section 4.4 of the Terms of Reference.

NG-911 Interagency Advisory Panel Terms of Reference

As the Public Safety Broadband Network (PSBN) is a separate entity and not affiliated with NG-911, it remains outside of NG-911 IAP's mandate at this time.

4. Structure of NG-911 IAP

The NG-911 IAP will have no defined roles for members, outside of a Facilitator. The Facilitator's responsibilities are administrative in nature and will be selected by a majority of the NG-911 IAP membership.

4.1 Role of the Facilitator

The Facilitator's role is that of a non-voting, neutral panel member. The Facilitator will be in a quasi-leadership position, responsible for: chairing meetings, disseminating meeting minutes, sharing relevant information with panel members, updating panel members of any key changes or developments, organize all aspects of meetings, and assign tasks to panel members as needed to ensure fairness and equity in the distribution of work. The Facilitator will take, or can designate a panel member to take meeting minutes and agendas.

4.2 Decision Making Requirements

Decision making is based on consensus. Where consensus cannot be reached, a vote will be conducted. Each NG-911 IAP member can cast a single vote that vote to be cast by a representative of the member organization. The result of the vote will be determined by majority rule.

4.3 Dispute resolution

In the event that a majority has not resulted from a vote, the Facilitator will cast the deciding vote.

4.4 Communications

NG-911 IAP members are expected to communicate amongst each other as needed. The appointed staff representatives must be copied on all NG-911 IAP communications and will ensure relevant communications are forwarded to their respective associations/organizations once approved by NG-911 IAP.

Any communications outside NG-911 IAP that concerns NG-911 IAP business (i.e. to other associations, organizations, general public, etc.) must be approved by the majority of NG-911 IAP prior to dissemination.

Meeting minutes are to be kept confidential and not shared with the general public.

5. Confidentiality

Respect for confidentiality is the cornerstone of trust and confidence. Members of the NG-911 IAP must at all times respect the confidentiality of any member, sponsor, staff, volunteer, government officials, and all matters relating to those organization(s) and/or individual(s). Members of the NG-911 IAP will respect and maintain the confidentiality of information gained as a volunteer member including, but not limited to, all computer software and files, meeting minutes, all NG-911 IAP business documents and information.

NG-911 Interagency Advisory Panel Terms of Reference

Confidentiality means you may not relate such matters to anyone including immediate family members. The duty of confidentiality continues indefinitely after the NG-911 IAP ceases to function.

6. Code of Conduct

The following Code of Conduct ("the Code") is designed to allow members of the NG-911 IAP to preserve its integrity and credibility within and amongst the membership, affiliated organizations, Ontario Government, and the public. This Code applies to all representatives of the NG-911 IAP.

1. Always act with fairness, honesty, integrity and openness; respect the opinions of others and treat all with equality and dignity without regard to gender, race, colour, creed, and ancestry, place of origin, political beliefs, religion, marital status, disability, age, or sexual orientation.
2. Promote and support the objectives, the mission and mandate of NG-911 IAP in all dealings with individual organizations, members, the provincial government, and the public on behalf of the NG-911 IAP. Serve the overall best interests of the NG-911 IAP rather than any particular constituency.
3. Respects principles of fair play and due process. Respect and give fair consideration to diverse and opposing viewpoints.
4. Demonstrate due diligence and dedication in preparation for an attendance at meetings, special events, and in all other activities on behalf of the NG-911 IAP.
5. Demonstrate good faith, prudent judgment, honesty, transparency and openness in activities on behalf of the NG-911 IAP.
6. Avoid real or perceived conflicts of interest.
7. Act with honesty and integrity and in accordance with any professional standards and/or governing laws and legislation that have application to the responsibilities you perform for or on behalf of your representative organization.
8. Take responsibility for your actions and decisions. Follow reporting lines to facilitate the effective resolution of problems. Ensure that you do not exceed the authority of your position. Publicly demonstrate acceptance, respect, and support of decisions legitimately taken in transaction of the organization's business.

6.1 Personal or Sexual Harassment

Sexual harassment is any conduct, comment, gesture or contact of a sexual nature that one would find to be unwanted or unwelcome by any individual, or that might, on reasonable grounds, be perceived by that individual as placing a condition of sexual nature on an employment or career development.

Personal harassment means any conduct whether verbal or physical that is discriminating in nature, based upon another person's race, colour, ancestry, place of origin, political beliefs, religion, marital status, physical or mental disability, sex, age or sexual orientation. It is discriminatory behaviour, directed at an individual that is unwanted or unwelcome and causes substantial distress in that person and serves no legitimate work-related purpose.

The NG-911 IAP has a zero-tolerance policy with respect to personal and/or sexual harassment.

NG-911 Interagency Advisory Panel Terms of Reference

Personal/sexual harassment in any form is strictly prohibited and may be grounds for termination as a representative on the NG-911 IAP. If a representative on the NG-911 IAP believes they have been the subject of sexual and/or personal harassment, they should report such conduct to the Facilitator. Should a representative of the NG-911 IAP become aware of behaviour that may constitute personal and/or sexual harassment, they should immediately report such conduct to the Facilitator.

7. Conflicts of Interest

In general, a conflict of interest exists where any members and/or volunteers who use their position on the NG-911 IAP to benefit themselves, friends, family, or relatives.

Upon appointment to the NG-911 IAP, members (including their individual representatives) shall arrange their private affairs in a manner that will prevent any conflict of interest from arising. Members (including their individual representatives) should not compromise or undermine our members or public's trust in the NG-911 IAP.

Members (including their individual representatives) should not place themselves in a position where they are, or appear to be, under personal obligation to any person who might benefit or seek to gain special consideration or favour resulting from the relationship.

Members (including their individual representatives) shall avoid any situation in which there is, or may appear to be, a potential conflict which could appear to interfere with their judgment in making decisions in the best interest of the NG-911 IAP. Members (including their individual representatives) shall exercise care in the management of their private affairs so as not to benefit, or be perceived to benefit from:

- a. The use of information acquired solely by reason of their involvement in the NG-911 IAP; or
- b. Any NG-911 IAP transaction over which they can influence decisions through their involvement in the NG-911 IAP (e.g. investment, borrowing, purchases, sales, contracts, grants, and appointments).

There are a variety of situations that could give rise to a conflict of interest. Members (including their individual representatives) should make it known to the association, or delegated authority, if they believe they may be in conflict of interest. These include but are not limited to: accepting gifts, entertainment, favours or "kickbacks" from suppliers or other organizations, personal gain from relationships established through the NG-911 IAP, close or family relationships with outside suppliers or other organizations, passing confidential information to competitors or other interested parties, or using confidential information inappropriately.

Subject: OPP Governance Summit - 30 Jan 2020

Greetings Members, (Please share with your full boards),

OAPSB is planning an OPP Governance Summit in the new year, tentatively scheduled for 9am-4pm on **30 Jan 2020**, at **FOUR POINTS & ELEMENT TORONTO AIRPORT**

(6257 Airport Road, Mississauga, ON L4V 1E4 Canada) near Pearson Airport. The purpose of this note is to give you advance notice so you hold the date in your calendar! This event has been timed to coincide with the Solicitor General's regulation-writing schedule.

The aim of the Summit is to identify key regulatory opportunities, challenges and solutions regarding OPP Detachment Boards. The Solicitor General's Regulation Writing Team is committed to participate in our Summit, so they can hear your views first-hand. OPP Municipal Policing Bureau is also committed to attending, and is working on securing the participation of Commissioner Carrique.

We are currently in discussions with the Ministry, at their encouragement, to secure funding to host this event. If they agree to fully fund, the Summit Registration will be free for all delegates. If they agree to fund the meeting rooms, AV, etc. but not food and beverages, the Registration Fee will be \$100 per delegate (for breakfast, lunch and a couple coffee breaks). If they do not agree to financially contribute, the Registration Fee will be \$200 per delegate. In any event, all delegates will be required to arrange for their own transportation and accommodations as necessary.

We will apprise you as soon as the venue is confirmed, and as soon as Government confirms its financial contribution. Meanwhile, we've attached some related reference material for you from our 2018 Spring Conference and the 2019 AMO Conference.

Hope to see you at the Summit, if not before,

Fred

OPP Detachment Boards

AMO 2019 Conference, Ottawa
Fred Kaustinen

1

Outline

Aim: to share insights regarding OPP Detachment Boards

- 1. Legislative changes
- 2. Next steps

2

Community Safety & Policing Act 2019

O.P.P. detachment board

67 (1) There shall be an O.P.P. detachment board, or more than one O.P.P. detachment board in accordance with the regulations, for each detachment of the Ontario Provincial Police that provides policing in a municipality or in a First Nation reserve.

3

OPP Detachment Boards

Police Services Act (1990)

- Every municipality in Ontario that maintains its own police service, or is policed by the OPP under contract, is required to have a police services board (about 160+ communities)
- Municipalities that are policed by the OPP without a contract currently do not have a police services board, but may have a community policing advisory committee (about 220+ communities)

Community Safety and Policing Act, 2019

- Creates a requirement for one OPP detachment board per OPP detachment with requirements for community representation and input, or more than one per detachment if provided in the regulations
- Flexibility is provided through regulation to address unique geographic circumstances

4

OPP Detachment Boards

Police Services Act (1990)

- 3 or 5 member boards
- Participate in selection of the detachment commander

Community Safety and Policing Act, 2019

- Board composition, terms of office and remuneration to be provided in the regulations.
- consult with the Commissioner regarding the selection of a detachment commander and otherwise participate, in accordance with the regulations, in the selection of the detachment commander

5

Local Policies and Action Plan

Police Services Act (1990)

- Duties of section 10 boards include determining policing objectives and priorities, and establishing local policies, after consulting the detachment commander or designate

Community Safety and Policing Act, 2019

- Boards are empowered to determine local objectives, priorities and policies subject to specifications outlined in the statute, including:
 - Must consult with Detachment Commander
 - It must not be inconsistent with the strategic plan prepared by the Solicitor General for the OPP;
 - Must not relate to specific investigations, the conduct of specific operations or other prescribed matters;
 - Must not require a member of the OPP to provide any policing that is not required as a component of adequate and effective policing.

6

Local Policies and Action Plan

| | |
|---|---|
|  | <p><i>Community Safety and Policing Act, 2019</i></p> <ul style="list-style-type: none"> • A detachment commander is required to prepare and adopt a local action plan for the provision of policing provided by the detachment. • In preparing or revising the local action plan, the detachment commander is required to consult with his or her OPP detachment board among others. |
|---|---|

7

OPP Detachment Boards – In Brief

- Extends police governance to 200+ more communities
- Boards establish objectives, priorities and policies for the entire detachment, not just for policing a single community within the detachment area
- Addresses alignment of board objectives & policies with GHQ objectives & policies, & Detachment Commander's action plans
- Consolidation of representative police board at the detachment level rather than community level

8

OAPSB Submission to Justice Committee

“While the creation of OPP detachment boards is supported (largely because it extends police governance to every community, including approximately 200 communities that currently have no such voice), we suggest that the disbandment of any existing Section 10 OPP contract boards should be a municipal decision, rather than a provincial one.”

9

Detachment Board Initiatives

- Wellington County Det Board – formed 1999; rotating seats
- Northumberland County – proactively pursuing since 2016
- Essex County – planning for Det board started 2018
- Zone 1 (northwest) – asked Premier that local S10 PSBs be allowed to decide whether or not to amalgamate into Det boards

10

Government Next Steps - Regulations

- Board composition
- Satellite boards
- Mandatory policy requirements
- Board training
- Governance performance standards(?)

11

OAPSB Next Steps - Regulations

- Board composition – representation
- Satellite boards – representation

**ONTARIO ASSOCIATION OF POLICE SERVICES BOARDS (OAPSB)
ZONE 2 – EASTERN ONTARIO REGION MEETING**

A meet and greet was held on Thursday, September 19, 2019 followed by a presentation by Detective/Staff Sergeant Leslie Waldron, OPP Program Coordinator of the Biker Enforcement Unit who provided an overview of criminal motorcycle gang activity in Ontario. Her presentation provided information on the following:

- She is involved in the program side not the operations side
- Tenure of officers who work in the unit is 3-5 years; if they work more than 5 years, then they are trained as an expert
- In Ontario, there are 15 full-time and 7 part-time partner agencies (police agencies) working on criminal motorcycle gang activity; this is a world-wide issue
- There are 12 1% biker clubs in Ontario. 99% of bikers are motorcycle enthusiasts who follow the rules; the 1% clubs do not
- Used to have to be male, white, never communicate with other Outlaw Motorcycle Gangs (OMGs) – this is no longer the case
- There are 2 major rivals – the Hell's Angels and Outlaws
- The support clubs do the majority of criminal work for the clubs; the higher end members don't ride bikes
- In order to address the issue, you have to focus on the people at the top
- OMG members do service work and run legitimate business
- It was suggested that the general public not interact with them but if they witness a gang member, they should call them into the police
- The police always have active, intense investigations ongoing – this is very expensive, complicated and time-consuming work
- The work of OMGs is all about power and money
- Spoke about the Port Dover incident in 2018
- OMGs sell merchandise; if you buy it, you are supporting their activity

After all questions had been addressed, Detective/Staff Sergeant Waldron was thanked for her presentation by Chairperson Neil Fennell.

8. Updates

a. David Tilley, Police Services Advisor, MSG

Mr. Tilley provided information on the following issues:

- Engagement tables to help develop regulations in support of the Ontario *Police Services Act* are underway. The policing and community sectors have been invited to participate in the engagement tables. The OAPSB are represented at the Engagement Tables. Governance is one of the topics being discussed.
- On June 6, 2019, the new Ontario Society for the *Prevention of Cruelty to Animals Act* was passed for an interim period, June 29, 2019 until December 31, 2019 to help keep animals safe until a permanent animal welfare model is implemented. The Solicitor General has appointed a Chief Inspector who has appointed inspectors employed in certain local humane societies to deliver enforcement services at a regional level.
- The Ministry distributed an All Chief Memo on June 14, 2019 which provided information that declaration of candidacy for the federal election is not necessarily cause for a board member's resignation. However, political activity during the election period does have the potential for the member to be

in a real or perceived conflict of interest which may warrant further consideration.

- The following information was provided regarding grants:
 - The Community Safety and Policing Grant were due June 6, 2019. Applications under the local and provincial priorities funding streams have been reviewed by Committee and recommendations for funding are moving forward for approval. Applicants will be as soon as possible;
 - The Court Security and Prisoner Transportation Program – agreements have been fully executed and sent back to municipalities. Payments for the 2019 second installments have been processed for municipalities that have submitted their 2018 annual financial reports.
 - RIDE/Proceeds of Crime/Safer and Vital Communities Grants are all mid-cycle and the next call for applications is not anticipated until early 2020
- The Ministry's Major Case Management Inspection cycle is due to finish by the end of 2019. 46 Municipal Police Services have been inspected. All inspections in the east region have been completed. The OPP inspection is currently underway.

As there were no questions of Mr. Tilley, Chairperson Fennell thanked Mr. Sprague for his presentation.

b. King Yee, OAPSB Zone 2 Director

Mr. Yee was unable to attend the meeting so there was no update provided.

5. Delegations

**a. Detachment Commander, Staff Sergeant John Hatch, Prince Edward County OPP
Re: Overview of the Community Safety and Well-Being Plan adopted by the County**

Chairperson Fennell introduced Staff Sergeant John Hatch

Staff Sergeant John Hatch provided an informative presentation on his County's Community Safety and Well-Being Plan that included the following information:

- Reviewed process and timelines
- History of how the project came about
- Consultations undertaken
- Research conducted
- Advisory team membership
- Implementation teams
- Reviewed plan goals
- Reviewed 4 strategies; 2 under safety and 2 under well-being
- Lessons learned from the project including getting the Mayor and Council on board; use other plans as a guide; recruit the right people; set specific

timelines with measurable goals to keep the project on track; and hire someone to write your plan

After all questions had been addressed, Chairperson Fennell thanked Stagg Sergeant for his presentation.

**b. Detective/Inspector Alana McCutcheon, OPP Organized Crime Enforcement Bureau and Commission Chair
Re: Detailing the Commission's Report entitled "Opioids Impacts and Strategies"**

Staff Sergeant John Hatch introduced Inspector McCutcheon.

Inspector McCutcheon gave a presentation on the OPP's response to the opioid crisis. The presentation included information on the following:

- Training, including anti-stigma training and distribution of naloxone to front line officers
- Developed reports to provide statistics on overdoses, naloxone usage, etc.
- Adopted the Good Samaritan Drug Overdoes Act (GSDOA) definition of an overdose and created a data base to collect data on opioids
- Procured drug testing devices and deployed them across the province
- Undertake thorough investigations to try to find out who the suppliers are; they are not interested in charging users
- Reviewed statistics of fatal and non-fatal opioid-related overdoses and the use of naloxone
- 11 people die across Canada every day from opioid use; 4 of which are in Ontario

After all questions had been addressed, Chairperson Fennell thanked Inspector McCutcheon for her presentation.

**c. Andrew Murie, CEO, MADD Canada
Re: Describing the organization's mandate and commenting on recent changes to impaired driving legislation**

Chairperson Fennell introduced Mr. Murie.

Mr. Murie gave a presentation on Mothers' Against Drunk Driving (MADD) which included the following information:

- MADD's mission statement
- History of the organization
- Statistics of drunk driving in Canada – 3.5 Canadians are killed each day
- 110 volunteer local groups in Canada with 7,500 volunteers
- The organization's key activities which include victim support, advocacy and educational programs
- The presentation included a number of videos of the programs and demonstrating their advocacy work with respect to both alcohol and drugs

- Reviewed programs offered such as Smart Wheels, Weed Out the Risk; Cannsell training, etc.
- Reviewed advocacy work undertaken at the federal (mandatory alcohol screening) and provincial (impaired levels) levels
- Provided information on their Deterrence Model; game changes, impact of Uber (ride sharing) and new technology (breath and touch) being investigated for vehicles to prevent cars starting if a person doesn't meet legislated impairment levels

After all questions had been addressed, Chairperson Fennell thanked Mr. Murie for his presentation.

Dear CAO/Treasurer,

Please find attached the OPP municipal policing 2020 Annual Billing Statement package.

This year's billing package includes a statement for the 2018 year-end reconciliation. The final cost adjustment calculated as a result of the 2018 annual reconciliation has been included as an adjustment to the amount being billed to the municipality during the 2020 calendar year.

The final reconciliation of the 2020 annual costs will be included in the 2022 Annual Billing Statement.

For more detailed information on the 2020 Annual Billing Statement package please refer to resource material available on the internet, www.opp.ca/billingmodel. Further, the Municipal Policing Bureau will be hosting a webinar information session in October. An e-mail invitation will be forwarded to the municipality advising of the session date.

If you have questions about the package please e-mail OPP.MPB.Financial.Services.Unit@OPP.ca.

Yours truly,

M.M. (Marc) Bedard
Superintendent
Commander,
Municipal Policing Bureau

OPP 2020 Annual Billing Statement

Merrickville-Wolford V

Estimated costs for the period January 1 to December 31, 2020

Notes to Annual Billing Statement

- 1) **Municipal Base Services and Calls for Service Costs** - The costs allocated to municipalities are determined based on the costs assigned to detachment staff performing municipal policing activities across the province. A statistical analysis of activity in detachments is used to determine the municipal policing workload allocation of all detachment-based staff as well as the allocation of the municipal workload between base services and calls for service activity. For 2020 billing purposes the allocation of the municipal workload in detachments has been calculated to be 54.5 % Base Services and 45.5 % Calls for Service. The total 2020 Base Services and Calls for Service cost calculation is detailed on the *Base Services and Calls for Service Cost Summary* included in the municipal billing package.
- 2) **Base Services** - The cost to each municipality is determined by the number of properties in the municipality and the standard province-wide average cost per property of \$183.23 estimated for 2020. The number of municipal properties is determined based on MPAC data. The calculation of the standard province-wide base cost per property is detailed on *Base Services and Calls for Service Cost Summary* included in the municipal billing package.
- 3) **Calls for Service** - The municipality's Calls for Service cost is a proportionate share of the total cost of municipal calls for service costs calculated for the province. A municipality's proportionate share of the costs is based on weighted time standards applied to the historical calls for service. The municipality's total weighted time is calculated as a percentage of the total of all municipalities.
- 4) **Overtime** - Municipalities are billed for overtime resulting from occurrences in their geographic area and a portion of overtime that is not linked specifically to a municipality, such as training. Municipalities are not charged for overtime identified as a provincial responsibility. The overtime activity for the calendar years 2015, 2016, 2017 and 2018 has been analyzed and averaged to estimate the 2020 costs. The costs incorporate the 2020 salary rates and a discount to reflect overtime paid as time in lieu. The overtime costs incurred in servicing detachments for shift shortages have been allocated on a per property basis based on straight time. Please be advised that these costs will be reconciled to actual 2020 hours and salary rates and included in the 2022 Annual Billing Statement.
- 5) **Court Security and Prisoner Transportation (CSPT)** - Municipalities with court security responsibilities in local courthouses are billed court security costs based on the cost of the staff required to provide designated court security activities. 2020 costs have been based on 2018 security activity. Prisoner transportation costs are charged to all municipalities based on the standard province-wide per property cost. These costs will be reconciled to the actual cost of service required in 2020.

There was no information available about the status of 2020 Court Security Prisoner Transportation Grant Program at the time of the Annual Billing Statement preparation.
- 6) **Year-end Adjustment** - The 2018 adjustment accounts for the difference between the amount billed based on the estimated cost in the *Annual Billing Statement* and the reconciled cost in the *Year-end Summary*. The most significant year-end adjustments are resulting from the cost of actual versus estimated municipal requirements for overtime, contract enhancements and court security.

OPP 2020 Estimated Base Services and Calls for Service Cost Summary
For the period January 1 to December 31, 2020

Notes:

- 1) Total Base Services and Call for Service Costs are based on the cost of salary, benefit, support and other direct operating expenses for staff providing policing services to municipalities. Staff is measured in full-time equivalent (FTE) units and the costs per FTE are described in the notes below.

Full-time equivalents (FTEs) are based on average municipal detachment staffing levels for the years 2015 through 2018. Contract enhancements, court security, prisoner transportation and cleaning staff are excluded.

The equivalent of 89.21 FTEs with a cost of \$14,864,601 has been excluded from municipal costs to reflect the average municipal detachment FTEs required for provincially-mandated responsibilities eligible for Provincial Service Usage credit.

Salary rates are based on weighted average rates for municipal detachment staff by rank, level and classification. The 2020 salaries incorporate the January 1, 2020 general salary rate increases set in the 2019 to 2022 OPPA Uniform and Civilian Collective Agreements, (2.15% for uniform staff and 1.25% for civilian staff). The benefit rates are based on the most recent rates set by the Treasury Board Secretariat, (2019-20). Statutory Holiday Payouts, Shift Premiums, and Benefit costs are subject to reconciliation.

FTEs have been apportioned between Base Services and Calls for Service costs based on the current ratio, 54.5% Base Services : 45.5% Calls for Service.

- 2) Support Staff Costs and Other Direct Operating Expenses for uniform FTEs are calculated on a per FTE basis as per rates set in the 2019 Municipal Policing Cost-Recovery Formula.

Ministry of the Solicitor General

ZONE UPDATE

October 11, 2019

1. COMPREHENSIVE ONTARIO POLICE SERVICES ACT, 2019

- Bill 68, the *Comprehensive Ontario Police Services Act, 2019* received Royal Assent on March 26, 2019, however its proclamation date has not been determined yet.
- The Act creates the *Community Safety and Policing Act, 2019* and the *Special Investigations Unit Act, 2019*; it also amends the *Mandatory Blood Testing Act, 2006* and the *Coroners Act*.
- When the *Community Safety and Policing Act, 2019* comes into force it will repeal and replace the current *Police Services Act (1990)*. Until then the *Police Services Act* remains in force.
- The amendments to the *Police Services Act (1990)* that added new community safety and well-being (CSWB) planning provisions, came into force on January 1, 2019. They will continue to be in force with a new provision requiring the participation of local police services in developing the plan.
- The *Comprehensive Ontario Police Services Act, 2019* also repeals the following statutes that were passed in 2018 under the previous government but had not yet come into force: *Police Services Act, 2018*, *Ontario Special Investigations Unit Act, 2018*, *Policing Oversight Act, 2018* and the *Ontario Policing Discipline Tribunal Act, 2018*.
- The *Missing Persons Act, 2018*, and *Forensic Laboratories Act, 2018*, and most of the previous amendments to the *Coroners Act* will remain as passed in the *Safer Ontario Act, 2018*.
 - An All Chiefs Memo (ACM 19-0044) went out on June 7th which confirms that the *Missing Persons Act, 2018* came into force on July 1, 2019.
- In order to bring the *Community Safety and Policing Act, 2019* into force supporting regulations must be developed to fully implement the Act. In late July, the Ministry of the Solicitor General began preparations to engage stakeholders on the new regulatory framework that will need to be developed to support the Act. Stakeholders from the policing sector and community and social services were invited to participate in engagement tables. The ministry will also set up an engagement table with First Nations partners. Engagement will be ongoing as the ministry works towards developing a robust regulatory framework. The ministry will continue to seek

collaborative input from our policing partners, the public and subject matter experts on this critical next phase.

A. THE COMMUNITY SAFETY AND POLICING ACT, 2019 (CSPA, 2019)

CSPA and Oversight

- The CSPA, 2019 transforms the Office of the Independent Police Review Director (OIPRD) into the Law Enforcement Complaints Agency (LECA). Its responsibilities would include:
 - Receiving and screening public complaints involving police officers, special constables employed by the Niagara Parks Commission, peace officers employed by the Legislative Protective Service, and forwarding complaints about members of a board (e.g., municipal or First Nations) to the Inspector General of Policing (IG).
 - Assigning complaints for investigation relating to police officers, Niagara Parks Commission special constables, and peace officers employed in the Legislative Protective Service to a police service (of the officer or alternate) or an agency investigator.
 - Requiring investigative entities (e.g., chief of police) to explain delays in the completion of an investigation after 120 days and every 30 days thereafter.
- The CSPA, 2019 also establishes the office of the IG within the Ministry of the Solicitor General to monitor, inspect, and ensure compliance with the act and its regulations. The IG would also be responsible for ensuring the delivery of adequate and effective policing. It also empowers the IG to receive and review policy/service complaints.
- The IG would also be empowered to impose remedies for non-compliance with the CSPA, 2019, and board member misconduct.
- The IG would be required to forward the investigative report regarding a board member's misconduct to the entity responsible for the appointment of the board member. The IG would serve a term of five years, with the possibility of a one-term renewal of five years.

CSPA & Policing Functions

- The CSPA, 2019 stipulates that policing functions that meet the following two standards must be provided by members of a police service:
 - The policing function is either (i) crime prevention, (ii) law enforcement, (iii) emergency response, or (iv) maintaining the public peace; and
 - The function requires the exercise of the powers of a peace officer or a police officer.
- The CSPA, 2019 also:
 - mandates human rights, systemic racism, diversity and Indigenous training for new police officers, new special constables, and Police Service Board members.
 - requires police service board members to successfully complete basic training on roles and responsibilities before exercising powers and performing duties; and,
 - mandates public consultations for Lieutenant Governor in Council regulations made under the new policing and police oversight legislation.

2. COMMUNITY SAFETY AND WELL-BEING

A. COMMUNITY SAFETY AND WELL-BEING PLANNING

- New legislative requirements related to community safety and well-being (CSWB) planning came into force on January 1, 2019, as an amendment to the current *Police Services Act* (1990).
 - Municipalities have two years from the in-force date to prepare and adopt their first CSWB plan (i.e., by January 1, 2021), working in collaboration with local police services/boards and various other sectors such as health/mental health, education, community and social services, and children/youth services.
 - Municipalities have the discretion and flexibility to develop CSWB plans either individually or jointly with other municipalities or First Nation band councils.
- Schedule 2 of the COPSA, 2019 amends the CSWB planning provisions in the current *Police Services Act* (1990) and these amendments came into force immediately upon Royal Assent (i.e., March 26, 2019).
- Amendments to the CSWB planning provisions (included in Scheduled 2 of COPS Act, 2019) that came into force on March 26, 2019, include:
 - Advisory Committee:
 - The chief of police of a police force that provides policing in the area, or his or her delegate, must be included on the advisory committee.
 - One person may satisfy multiple representation requirements of the Advisory Committee (i.e., one person could represent a community service as well as an educational service).
 - Plans adopted before these changes to the Advisory Committee section continue to be valid despite these changes.
 - Transition:
 - A transition provision allows for plans where consultations took place before January 1, 2019, to be deemed to have met consultation obligations if the Minister determines there is substantial compliance.
 - Publication:
 - Reports relating to the CSWB plan (i.e., reports on the effect the plan is having, if any, on reducing the prioritized risk factors) must also be published on the Internet.
- In support of this, in December 2018, the Ministry released an updated version of the *Community Safety and Well-Being Planning Framework: A Shared Commitment in Ontario* booklet, which now includes reference to the new legislative requirements related to CSWB planning, a new critical success factor that highlights the importance of cultural responsiveness in the planning process, as well as a new tool to assist municipalities with the engagement of Indigenous partners as part of their municipally-led CSWB plan. The booklet is available on the Ministry's website at: <https://www.mcscs.jus.gov.on.ca/english/Publications/MCSCSSSOPanningFramework.html>
- In addition, the Ministry hosted webinars in spring 2019 to support municipal, policing, and community partners as they engage in the CSWB planning process.

B. RISK-DRIVEN TRACKING DATABASE:

- The Ministry initiated the Risk-driven Tracking Database (RTD) project to provide a standardized means of gathering de-identified information on situations of elevated risk for communities implementing multi-sectoral risk-based intervention initiatives, such as Situation Tables.

- Complementary to the Ministry's Community Safety and Well-Being Planning Framework, the RTD is an important tool that can help communities collect local risk-based data that can be used to inform the community safety and well-being planning process.
- The Ministry continues to on-board new communities to the RTD. As of August 2019, 54 sites have been on-boarded.
- For any new communities considering use of the RTD for local multi-sectoral risk intervention initiatives (such as Situation Tables) or for a list of sites currently accessing the RTD, please reach out to Claudia Tenuta (416-212-1888).

3. ANIMAL WELFARE LEGISLATION

ANIMAL WELFARE INTERIM STRATEGY

- An agreement was in place between the Government of Ontario and the Ontario Society for the Prevention of Cruelty to Animals to extend animal welfare law enforcement services until June 28, 2019.
- As referenced in the All Chiefs Memorandum 19-0048, on June 6, 2019, the legislature passed the *Ontario Society for the Prevention of Cruelty to Animals Amendment Act (Interim Period), 2019*, a temporary measure to keep animals safe until a permanent animal welfare model is implemented.
 - The legislation includes provisions that allow for the following during the interim period of June 29, 2019 – December 31, 2019:
 - The Solicitor General may appoint any person as the Chief Inspector for the interim period; and,
 - The Chief Inspector may appoint any person as an inspector for the interim period.
 - The Solicitor General has appointed a Chief Inspector for the interim period, and the Chief Inspector has appointed inspectors employed by certain local humane societies and/or SPCAs to deliver enforcement services at the regional level.
 - Should you have any further questions, be seeking further clarity on the interim model or further information who your local humane society may be, please contact Chief Inspector, Paula Milne at Paula.Milne@ontario.ca.
- The ministry continues to engage a diverse range of interested individuals and groups, including police services and municipalities, in the development of a long-term model for animal welfare.

4. PROVINCIAL BOARD MEMBER APPOINTMENTS

- Appointments and potential candidates are being reviewed and processed by the Office of the Solicitor General. Please be aware that reappointments are not automatic or guaranteed, regardless of the number of years served.
- In July (2018), Ontario's Public Appointments Secretariat launched a new website and online application system. The new online application allows users to create an account to apply for multiple public appointments at once, or express interest in appointments with specific agencies.

- It is recommended that you visit Ontario.ca/public appointments to sign up and create a user profile in order to keep information up-to-date, apply for other/new positions, and receive email alerts.

5. POLICE SERVICES BOARD MEMBERS AND ELECTIONS

The Ministry distributed an All Chiefs Memorandum 19-0045 on June 14, 2019, stating it is the Ministry's position that a declaration of candidacy for the federal election is not necessarily cause for a board member's resignation. However, should a board member feel that, at any point in his/her political activity during the election period, he/she would be, or had the potential to be, in a real or perceived conflict of interest, it may warrant further consideration.

Should any individual police services boards have its own rules and procedures related to this issue, including those developed in accordance with s.37 of the *Police Services Act*, the board member or the board may wish to discuss this particular situation with their legal counsel. The board member might also wish to consult with the municipality to determine if there are any municipal by-laws to this issue.

6. GRANTS

Community Safety and Policing (CSP) Grant

- As a result of the Ministry's recent review of its grant programs, the Ministry has developed the new, outcomes-based CSP Grant through the transformation of the following grant programs: Policing Effectiveness and Modernization (PEM), Community Policing Partnerships (CPP), Safer Communities – 1,000 Officers Partnership (1,000 Officers), Provincial Anti-Violence Intervention Strategy (PAVIS), and Supporting Police Response to Sexual Violence and Harassment (SVHAP).
 - Beginning in 2019-20, the PEM, CPP, 1,000 Officers, PAVIS and SVHAP grant programs are no longer available.
- The new CSP Grant operates on a three-year grant cycle and supports eligible police services/boards in combatting crime on a more sustainable basis. It also provides eligible police services/boards with greater flexibility to implement initiatives that address policing and community needs related to safety and well-being.
- The CSP Grant offers two funding streams – one focused on addressing local priorities and the other focused on addressing provincial priorities. Projects funded under the provincial priorities funding stream must focus on addressing gun and gang related violence, sexual violence and harassment and/or human trafficking.
- The grant is available to municipal and OPP contract police services that were eligible to receive funding under the PEM, CPP, 1,000 Officers and/or PAVIS grant programs in 2018-19.
- The Call for Applications for the 2019-20 - 2021-22 CSP Grant cycle was issued to all eligible police services on April 18, 2019. The deadline to submit applications under the local and provincial funding streams of the CSP Grant was June 6, 2019.
- Successful applicants under the local priorities funding stream have been notified. Applications under the provincial priorities funding stream have been reviewed by the CSP Grant Review Committees and recommendations for funding are currently moving through

approvals. All grant applicants will be notified of the status of their provincial priorities application as soon as possible.

- For more information about the CSP Grant, please contact James Lee, Community Safety Analyst at James.Y.Lee@ontario.ca or Tiana Biordi, Community Safety Analyst, at Tiana.Biordi@ontario.ca.

Court Security and Prisoner Transportation (CSPT) Program

- The province has allocated a total of \$125 million in 2019 to assist municipalities in offsetting their CSPT costs.
- Funding is allocated based on each municipality's percentage share of the total provincial CSPT cost. For example, if a municipality's CSPT cost represents one per cent of the total provincial CSPT cost, then it will be allocated one per cent of the available funding. This is why allocations may vary from year to year.
- Agreements were distributed to municipalities on March 1st.
- Agreements have been fully executed and mailed back to municipalities on May 8th.
- Payment requests for the 2019 second instalments have been processed for municipalities who have submitted their 2018 Annual Financial Report.

Guns and Gangs Funding

- The province recently introduced the new Guns, Gangs and Violence Reduction Strategy (GGVRS) to address the increase in gun violence and gang-related activity in Ontario. The GGVRS is being implemented in a phased approach that balances the government's policy objective to deliver a comprehensive and effective solution to the gun and gang crisis, with the government's fiscal priorities and commitments.
- Phase I of the GGVRS included an investment of \$25 million over four years to fight an increase in gun and gang violence in the City of Toronto (2018-19 to 2021-22). Funding was allocated to Toronto Police Service to provide them with additional digital, investigative and analytical resources necessary for fighting gun and gang violence and support Intensive Bail Firearms Teams in Toronto courthouses.
 - Most recently, on August 12, 2019, the government announced that it is authorizing up to \$1.5 million to be used by Toronto Police Service as part of the \$4.5 million in funding commitments Toronto Police Service will receive from all three levels of government.
- On March 26, 2019, the government announced Phase II of the GGVRS, which involves boosting local crime prevention, enforcement and prosecution across the province. An investment of approximately \$16.4 million has been made over two years in the fight against guns and gangs. This includes approximately \$11.4 million over two years from the federal government in support of Phase II.
- Phase II will equip police officers, law enforcement teams and justice partners with the resources and tools including enhancing their ability to conduct multi-jurisdictional investigations to effectively combat gun and gang-related crime. In addition, recognizing that enforcement and prosecution become more effective at combatting guns and gangs when combined with prevention and intervention, Phase II will implement initiatives that tackle root causes of violence and provide exit strategies for youth and young adults already involved in gang activity.

Reduce Impaired Driving Everywhere (R.I.D.E.) Grant

- The R.I.D.E. Grant provides funding to police services to enhance local enforcement capabilities and ensure a year-round provincial program to conduct spot checks aimed at deterring and detecting impaired drivers. The R.I.D.E. Grant has an annualized budget of \$2.4M and is intended to cover only sworn officers' overtime and paid duty R.I.D.E. activities. All municipal and First Nations police services and OPP municipal contract locations are eligible to apply for funding.
- As part of the 2018/19 – 2019/20 R.I.D.E. Grant cycle, the Ministry has approved the 2019/20 R.I.D.E. Grant funding allocations and issued agreements to 171 grantees on June 11, 2019.
- As this grant program is currently mid-cycle, the next Call for Applications is not anticipated until 2020.

Proceeds of Crime – Frontline Policing (POC – FLP) Grant

- The POC – FLP Grant reinvests assets seized by the provincial and federal governments during criminal prosecutions to support front-line policing efforts related to crime prevention and community safety and well-being initiatives.
- This grant is only available to municipal and First Nation police services as well as the OPP.
- There is an eligibility requirement to partner with a minimum of two other sectors (e.g., a community mental health agency, a local social service provider, etc.).
- As part of the 2018/19 – 2019/20 POC-FLP Grant cycle, the Ministry is funding 28 projects. This grant program is currently mid-cycle, and the Call for Applications is not anticipated until later this year or early 2020.

Safer and Vital Communities (SVC) Grant

- The SVC Grant provides one-time funding to incorporated non-profit/community-based organizations and First Nations Chiefs and Band Councils to implement local community safety and well-being projects.
- As part of the SVC Grant, non-profit/community-based organizations and First Nations communities are required to partner with their local police service as well as an organization from a sector different from their own on their proposed project.
- The Ministry is currently funding 26 projects as part of the 2018/19 – 2019/20 SVC Grant cycle. Similar to the POC-FLP Grant, this grant program is currently mid-cycle, and the Call for Applications is not anticipated until later this year or early 2020.

7. APPROACH TO CONSTABLE SELECTION

- The Ministry issued an All Chiefs Memorandum 19-0063, indicating that the review of the Constable Selection System (CSS) has concluded. Furthermore, the Ministry has announced an approach to constable selection in which police service have:
 - Local flexibility to determine their hiring and selection processes: the ministry will make the existing CSS tools available, on an as-is basis, for use by police

- service or by organizations interested in providing pre-hire screening services (including the OACP).
 - Expert advice informing post-hire assessment at Ontario Police College (OPC): All CSS components are already assessed as part of Basic Constable Training (BCT), either through formal assessments, or through occupational tasks. As such, an advisory body to the OPC, the Executive Education and Training Advisory Group (EETAG), is being established to provide ongoing input and feedback to the curriculum and assessments for BCT and other areas as appropriate.
- The Ministry is now working with the OACP to fully transition to the new approach.
 - As part of this move, there are additional operational changes with respect to stage two of the CSS hearing assessment, which involves the Hearing in Noise Test (HINT) conducted by the University of Ottawa.
 - Going forward, the decision to require the HINT as an assessment of a candidate's hearing abilities will be at the discretion of police services. As part of the transition, the ministry will continue to cover expenses for candidates being tested in Ottawa until January 01, 2020.
- Police services seeking more information on obtaining the CSS tools from the ministry for use in recruitment may contact Lindsey Gray, Manager – Operations Unit, at lindsey.gray@ontario.ca

Recent All Chiefs Memoranda (ACMs)

- On September 4, 2019, the ministry distributed an All Chiefs Memorandum (19-0067) – which outlined changes to fees for Basic Constable Training and senior course fees.

8. MAJOR CASE MANAGEMENT INSPECTION

- The Ministry is currently conducting a focused inspection on the Major Case Management (MCM) Regulation (354/04), which sets out procedures and processes for undertaking and managing investigations into major cases in accordance with the MCM Manual.
- The regulation also requires that police services use the provincial PowerCase software for managing major case investigations.
- As referenced in the All Chiefs Memorandum, 17-0078, the inspection of the MCM Regulation includes a two-pronged approach beginning with a review of closed 2016 investigations entered in PowerCase and analysis of data from the Service's Records Management System (RMS).
- The inspection notice was issued to all municipal police services at the end of January 2018 and, so far, the onsite component of the inspections of 44 municipal police services has been completed. As always, inspection findings and recommendations will be outlined in inspection reports to be provided to the board and chief.

- The remaining municipal police service inspections, and the OPP, will take place throughout the rest of 2019.

9. CANNABIS LEGALIZATION

- On June 6, 2019, Bill 108, *More Homes, More Choice Act, 2019* received Royal Assent and came into force on the same day. This legislation included amendments to the *Cannabis Control Act, 2017* to provide police with enhanced tools to address the illegal sale and distribution of cannabis.
- On August 22, 2019, the Alcohol and Gaming Commission (AGCO) conducted a second licence allocation lottery to add 50 new retail cannabis stores.
- Ontario Regulation 468/18 under the *Cannabis Licence Act, 2018* was amended to reflect this new allocation. The regulation establishes that the AGCO must use a method for selecting applicants that does not rely on the discretion of the Registrar or of any other person.
- Of the 50 new private cannabis retail stores being licenced, the government has allocated eight stores to retailers who wish to operate on a First Nations reserve, and the remaining 42 stores allocated as follows:
 - East Region: seven stores
 - GTA Region: six stores
 - Toronto Region: 13 stores
 - West Region: 11 stores
 - North Region: One store in each of the following cities: Kenora, North Bay, Sault Ste. Marie, Thunder Bay and Timmins

Provincial Funding for Municipalities Update:

- The Ontario Cannabis Legalization Implementation Fund (OCLIF) was created to provide \$40 million in funding over 2 years to help municipalities with incremental implementation costs related to the legalization of recreational cannabis.
- On August 13, 2019, the Minister of Finance provided an update on OCLIF in a letter to the Heads of Council. Through early 2019, the government provided municipalities with \$30 million in OCLIF funding, and \$10 million was set aside to address costs from unforeseen circumstances related to the legalization of recreational cannabis, for which priority would be given to municipalities that did not opt-out of hosting cannabis retail stores.
- With respect to the \$10 million that was set aside, so as to support the objectives of protecting our youth and communities and to combat the illegal cannabis markets, the government made an investment of \$3.26 million to support enhanced enforcement against illegal cannabis operations (including but not limited to enhanced enforcement through provincial joint forces cannabis enforcement teams, led by the OPP).
- The government announced it would distribute the remaining \$6.74 million in OCLIF funding through the end of August as follows:
- Funding would be provided on a per household basis to municipalities that did not opt-out of hosting retail stores as of January 22, 2019, adjusted so that each recipient municipality will receive at least \$5,000.

Federal Developments – New Legislation and amendments to the Canada Gazette:

Bill C-93 - An Act to provide no-cost, expedited record suspensions for simple possession of cannabis

- An Act to provide no-cost, expedited record suspensions for simple possession of cannabis (formerly known as Bill C-93) came into force on August 1, 2019.
- The Act permits Canadians who have been previously convicted only of simple cannabis possession to apply for a pardon (also known as a record suspension) with no application fee or wait period, once their sentence has been served.
- Individuals convicted only of simple possession of cannabis can now apply to the Parole Board of Canada (PBC) for a pardon through a streamlined, simplified process. The \$631 fee and five-year waiting period associated with pardon applications have been eliminated. Applicants will be eligible even if they have outstanding fines or surcharges associated with their conviction, as long as they have completed the rest of their sentence.
- This Act amends the *Criminal Records Act* to, among other things, allow persons who have been convicted under the *Controlled Drugs and Substances Act*, the *Narcotic Control Act* and the *National Defence Act* merely of simple possession of cannabis offences committed before October 17, 2018 to apply for a record suspension without being subject to the period required by the *Criminal Records Act* for other offences or to the fee that is otherwise payable to the PBC in applying for a suspension.

Announcement by Health Canada about *The Regulations Amending the Cannabis Regulations (New Classes of Cannabis)*

- On June 14, 2019, Health Canada announced *The Regulations Amending the Cannabis Regulations (New Classes of Cannabis)*, which establish new regulatory controls to address the public health and public safety risks associated with edible cannabis, cannabis extracts and cannabis topicals.
- The amended regulations introduce a series of controls including restrictions on product composition and ingredients, tetrahydrocannabinol (THC) limits and new requirements pertaining to promotion, packaging and labelling, good production practices and record keeping. These amendments will also enable a comprehensive range of product forms, consistent with the objective of enabling the legal industry to displace the illegal industry. The amended regulations will come into force on October 17, 2019.
- In conjunction with the release of the new regulations, a new Cannabis Tracking System (CTS) Order has been issued to enable the collection of necessary data on the new cannabis products. The new CTS Order, which will apply to participants in the legal supply chain, will come into force at the same time as the amended regulations, on October 17, 2019.
- The new regulations allow for a broad variety of product forms, consistent with the Government's objective of displacing the illegal market, subject to regulatory controls to reduce public health and public safety risks. The amendments to the *Cannabis Regulations* control the production and sale of three new cannabis products: Edible cannabis, such as baked goods and beverages, Cannabis extracts, such as vaping liquids, tinctures, wax, hash and cannabis oil and Cannabis topicals, such as creams, lotions and balms, and similar products that are meant to be applied to a person's skin, hair or nails.

Recent All Chiefs Memoranda (ACMs)

- On June 7, 2019, the ministry distributed an All Chiefs Memorandum (19-0043) – entitled “Amendments to the *Cannabis Control Act, 2017*”. It outlined the amendments to this act to provide police with enhanced tools to address the illegal sale and distribution of cannabis.
- On August 13, 2019, the ministry distributed an All Chiefs Memorandum (19-0058) – which provided information on “Drug Impaired Driving Detection Training and Enforcement 2019/20 - Eligible Expenses and Submission Processes”.
- On September 12, 2019, the ministry distributed an All Chiefs Memorandum (19-0071), entitled “Final Federal Regulations for the Production and Sale of Cannabis Edibles, Extracts and Topicals”.
- On October 17, 2019, regulations under the Cannabis Act (Canada) will be amended to add new classes of cannabis (edibles, extracts and topicals). Once the Cannabis Regulations are amended, the Ontario Cannabis Retail Corporation (Ontario Cannabis Store) will be able to purchase these new classes of cannabis and sell them online. The ACM also summarized the remaining associated timelines:
 - **October 17, 2019:** Regulations and Order come into force, and federal cannabis processing licence holders will be able to begin submitting new product notifications to Health Canada.
 - **December 16, 2019:** Earliest date new products could be available for purchase by the Ontario Cannabis Store.
 - **Mid-January 2020:** Anticipated timing for new product classes to be available for sale to the public through AGCO-licensed private retailers and the Ontario Cannabis Store online channel.

Note to Detachment Commanders:

- The content of each report is to be shared by the Detachment Commander only with the municipality for which it was generated. The municipality may treat this as a public document and distribute it as they wish.
- All data is sourced from the Niche RMS application. Included are 'reported' occurrences (actuals and unfounded occurrences) for 'billable' occurrences ONLY. Data is refreshed on a weekly basis.
- The Traffic category includes motor vehicle collision (MVC) occurrences entered into Niche (UCR code 8521). MVCs are NOT sourced from the eCRS application for this report.
- Only the primary violation is counted within an occurrence.
- Time standards displayed are for the 2017 billing period.

Note to Municipalities:

- Data contained within this report is dynamic in nature and numbers will change over time as the Ontario Provincial Police continues to investigate and solve crime.
- This report is NOT to be used for crime trend analysis as not all occurrences are included.
- Data groupings within this report do not match traditional crime groupings seen in other public reports such as the OPP Police Services Board reports or Statistics Canada reporting.

Note to Detachment Commanders:

- The content of each report is to be shared by the Detachment Commander only with the municipality for which it was generated. The municipality may treat this as a public document and distribute it as they wish.
- All data is sourced from the Niche RMS application. Included are 'reported' occurrences (actuals and unfounded occurrences) for 'billable' occurrences ONLY. Data is refreshed on a weekly basis.
- The Traffic category includes motor vehicle collision (MVC) occurrences entered into Niche (UCR code 8521). MVCs are NOT sourced from the eCRS application for this report.
- Only the primary violation is counted within an occurrence.
- Time standards displayed are for the 2017 billing period.

Note to Municipalities:

- Data contained within this report is dynamic in nature and numbers will change over time as the Ontario Provincial Police continues to investigate and solve crime.
- This report is NOT to be used for crime trend analysis as not all occurrences are included.
